

Subconn PUR Cable

Type P1TSP20/5C20#

Document no.	2014039SC
Revision	A
Date	15.04.2014
Prepared by	LLS
Approved by	KL

Construction Characteristics

Twisted Pair	0,52 mm ² (#20AWG) twisted shielded pair (black & white) Conductors cabled together and the bundle is wrapped with an overall aluminum/polyester shield, foil facing in making contact with the #20AWG drain wire. Tinned copper conductors are polypropylene insulated (1 off)
Single Conductors	0,52 mm ² (#AWG20) tinned copper conductors, insulated with polypropylene (5 off)
Filler	Filler for roundness
Binder	An overall clear polyester tape
Outer jacket	Polyurethane jacket. Color black. Nominal thickness approx. 1,27 mm

Mechanical Characteristics

Diameter	Nom. 8,62 mm
